A Brief Introduction...

The People's Republic of China (China) was formally created on October 1, 1949, when Mao Zedong proclaimed the establishment of a new government. From 1966 until the death of Mao Zedong in 1976, China experienced a turbulent era of political, social, and economic terror, which has been categorized as the Cultural Revolution. Modern Chinese legal system's development did not begin until after the Cultural Revolution when Deng Xiaoping emerged as China's new leader.
