# Author Workflow for Wiley Hybrid Journals

After articles are accepted for publication, authors will be invited into Wiley Authors to complete the next steps in the publication journey of their articles.

Authors will need to confirm on their author roles, research funders, institutional affiliations and choose between publishing their articles behind the paywall or open access. If they select the latter, they will be asked to sign a Creative Commons license, before APC funding requests are generated to institutions for their review, based on the responsible corresponding authors' institutional affiliations.

Institutional OA administrators will need to review and approve/reject the applications on their accounts upon receiving the requests..

# Step 1:

Confirm Author Role

# Confirm Author Role

## Author Role

The author list will show all authors from the manuscript.

Author has two options – to select one or more Corresponding Authors from the list and confirm, or to select “This list is incorrect”.

The screenshot shows a web interface for managing an article. At the top left, there is a back arrow and the text "Back to Manage this Article". Below this, the journal title "Journal of Adolescent & Adult Literacy" and the article title "Demo HOA article" are displayed, along with the DOI "10.1002/jaal.80826". A sidebar on the left contains a menu with "Sign License" at the top, followed by "Confirm Author Roles" (highlighted in a light blue arrow), "Funders & Grant Details", "Affiliations", "Copyright Ownership", "Open Access Options", "License Agreement Types", and "License Submission". The main content area is titled "Confirm corresponding author(s)" and includes the instruction "Corresponding authors will have their contact information included on the final published article." Below this, a blue-bordered box contains the text "Most articles only have one or two corresponding authors." and a list of three authors: "Test Author Corresponding author" (checked), "Test Author 2 Corresponding author" (checked), and "Test Author 3" (unchecked). To the right of this list is a yellow-bordered box with two messages: "Selections made here will be reflected on the final published paper." and "You will not be able to change this selection once confirmed." At the bottom of the blue-bordered box, there is a link "This list is incorrect" and a dark blue button labeled "Confirm 2 corresponding authors" with a right-pointing arrow.

# Selecting Responsible Corresponding Author

## RCA Selection

This screen displays the list of Corresponding Authors selected from the previous screen.

The padlock icon next to author names indicates the author may be eligible for APC coverage.

Only one author can be selected as the Responsible Corresponding Author. They will be the only person responsible for **signing the license**, and whose affiliations will be used to determine their **eligibility** for APC coverage.

The screenshot shows the Wiley submission interface for a "Demo HOA article" (DOI:10.1002/jaal.80826) in the "Journal of Adolescent & Adult Literacy". The interface includes a sidebar with navigation options: "Sign License", "Confirm Authors" (highlighted), "Funders & Grant Details", "Affiliations", "Copyright Ownership", "Open Access Options", "License Agreement Types", and "License Submission".

The main content area is titled "Which corresponding author is responsible for the remaining publication activities?". It states that Wiley requires one corresponding author to be assigned to complete remaining pre-publication activities, including:

- Confirming the article's funding information
- Verifying their affiliation(s) to determine potential eligibility for partial or full coverage of open access publishing fees
- Arranging payment for Open Access fees, when applicable
- Signing the copyright license and/or gathering signatures from copyright owners
- Reviewing online proofs of the final article

A note specifies: "Please note that eligibility for coverage of open access publishing fees is based only on the affiliation(s) of the responsible corresponding author, which cannot be reassigned once confirmed."

A callout box indicates: "Article may be eligible for Open Access APC funding or discount". It lists two authors with affiliations at the Virginia Museum of Fine Arts:

- Information provided at submission indicates **Test Author** may be affiliated with **Virginia Museum of Fine Arts**
- Information provided at submission indicates **Venetia Lipscombe** may be affiliated with **Virginia Museum of Fine Arts**

Below this, a note says: "If you wish to participate, they should be assigned as the responsible corresponding author."

At the bottom, there are two author selection options:

- Test Author Responsible corresponding author
- Test Author 2

Navigation buttons at the bottom include "← Corresponding authors" and "Assign responsible author →".

# Confirming Responsible Corresponding Author Role

## RCA Confirmation

If the author selects themselves as Responsible Corresponding Author, they continue to the Funder/Grant details screen.

If the author selects someone else as Responsible Corresponding Author, there's a confirmation screen.

When the nominated Responsible Corresponding Author logs into Wiley Authors from their invitation email, they will be taken straight to the Funder/Grant details step.
